Description of Defect :

On certain motorhomes, the brake light switch has potential to rub on the windshield wiper mechanism. If the brake light switch or wiring is damaged, the brake light will not illuminate. Not having the brake light illuminate, will not alert motorist on the roadway of the intentions of the driver, which can increase the risk of a crash. Newmar Dealers will inspect and or replace the brake light switch as needed.

Component Description : NR

Component Part Number: NR

Supplier Identification :

Component Manufacturer

Name : NR Address : NR NR Country : NR

Chronology:

On 11/04/2020 Newmar was made aware of a potential safety defect, the windshield wiper system may come in contact with the brake light switch installed by Freightliner. Freightliner Custom Chassis was notified and began researching the issue. Freightliner contacted Newmar on 02/10/2021 and recommended that Newmar proceed with a recall for this defect. On 02/17/2021, Newmar is giving notice to NHTSA of a potential safety

defect.

Description of Remedy :

Description of Remedy Program :	Newmar Dealers will inspect and or replace the brake light switch as needed at no cost to the customer.
How Remedy Component Differs from Recalled Component :	NR
Identify How/When Recall Condition was Corrected in Production :	NR

Recall Schedule :

Description of Recall Schedule :	On 04/18/2021 or before, customer/dealer letters will be mailed out.
Planned Dealer Notification Date :	APR 18, 2021 - APR 18, 2021
Planned Owner Notification Date :	APR 18, 2021 ⁻ APR 18, 2021

* NR - Not Reported
